## OPENING QCAID ISYSTEMS EDITION FOR THE FIRST TIME

### 1. Select workspace

After opening Qcaid iSystems Edition for the first time, you have to select the location on your computer where all the strategies that you design will be saved. Please make sure that you have write permissions in the folder that you choose.

Workspace location

**Select workspace**

The workspace is the place where strategies, reports and settings will be stored.

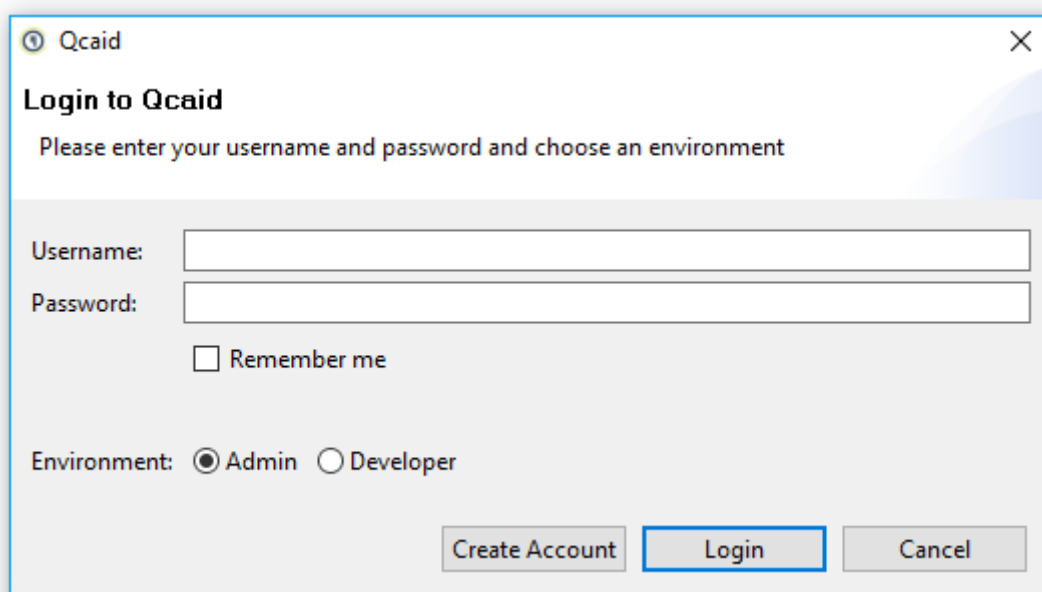

Workspace path:  Browse...

Remember this decision and don't ask again.

OK Cancel

### 2. Create your account

Click "Create Account" on the login window.

Qcaid

**Login to Qcaid**

Please enter your username and password and choose an environment

### 4. Accept the terms of Qbitia's and iSystems' Privacy Policies

**Privacy Policies.**

Since Qbitia and iSystems are providing a joint service, the User should accept both privacy policies.

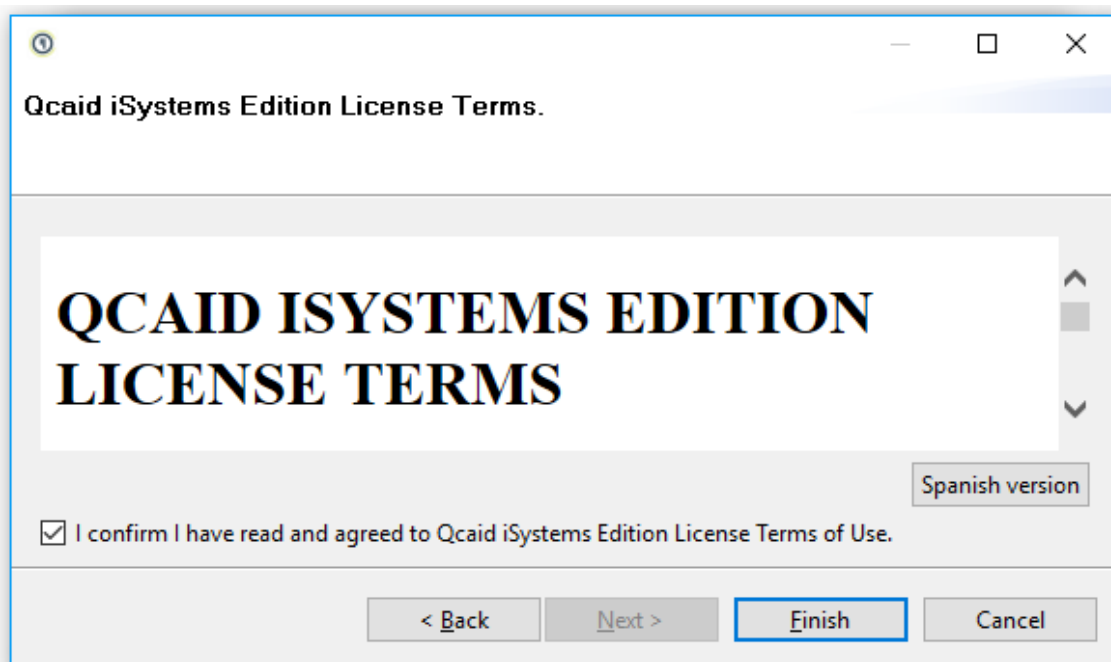

I confirm I have read and agreed to the terms of [Qbitia's](#) and [iSystems'](#) Privacy Policies.

In particular, the User agrees to be informed about:

I accept receiving commercial news about Qbitia company.

## 5. Confirm that you agree with the Terms of Use of the Licence of Qcaid iSystems Edition

## 6. Confirm your Developer Account through the email that you have just received

You will receive two emails. One includes your login credentials and the link to confirm your developer account at Trading Motion. The other email includes a copy of the Terms of Use and of the Privacy Policy.

Confirm Developer Account at TradingMotion

Dear User, Congrats for submitting your strategy! You will find the terms of use of Qcaid iSystems Edition that you signed attached below. In addition, you can access our Privacy Policy here [qbitia.com/privacy-policy/](http://qbitia.com/privacy-policy/). Thank you for working with Qcaid iSystems Edition.

## 7. Once you confirm your developer account, you will receive a confirmation message

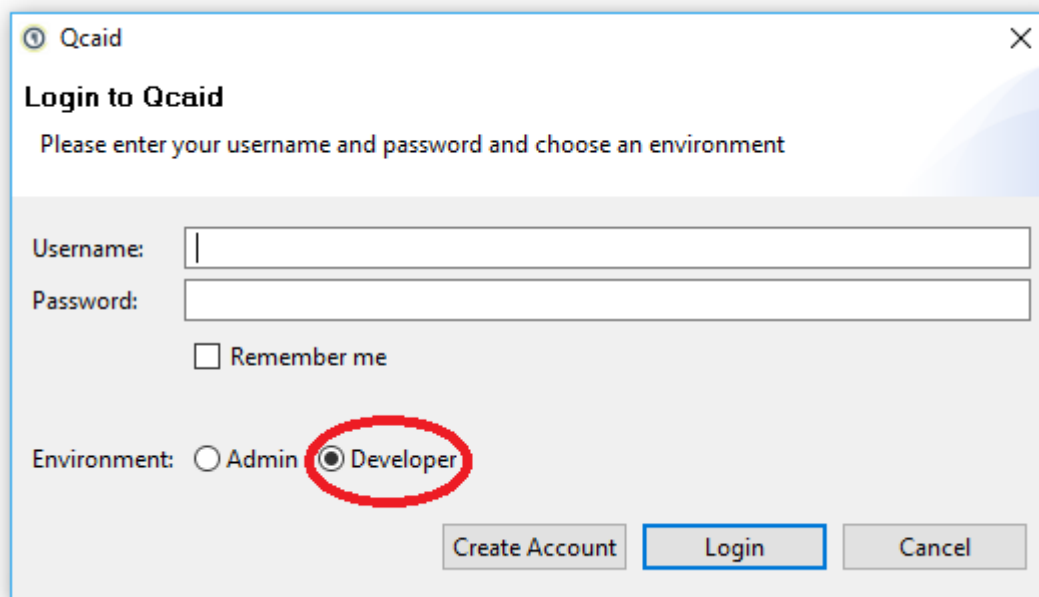

# TradingMotion SDK

Developer account has been successfully created

## 8. Now you can log in to Qcaid as a developer with your new credentials

Please remember to select “Developer” as the “Environment” option when logging in.

Market Data TimeFrame: 0:00:00 23:59:59

Warning

Before you send your systems for publishing on the iSystems/TradingMotion Platform you need to sign a Developer Agreement. Please fill out this [form](#) and you will be contacted by email to review the conditions and sign electronically

OK I have signed

Qcaid iSystems Edition License Terms of Use

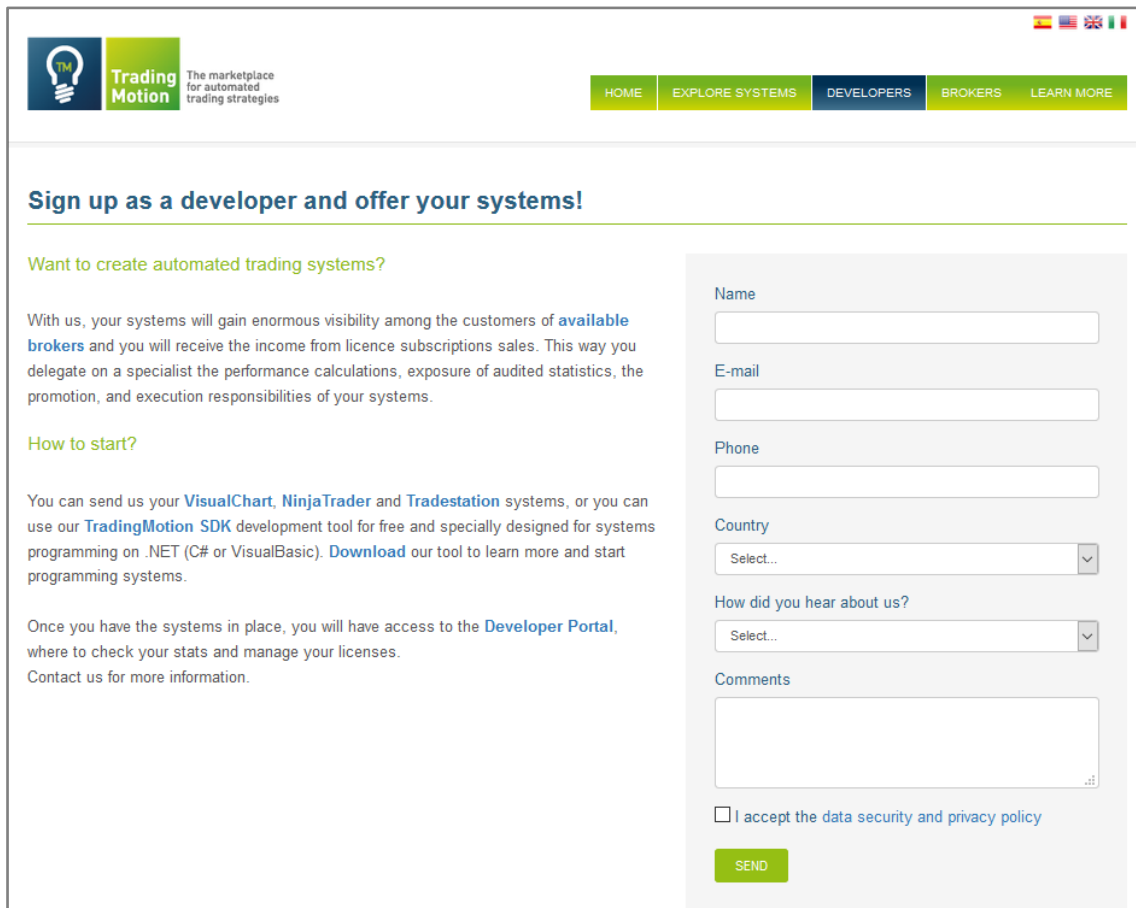

I confirm I have read and agreed to [Qcaid iSystems Edition License Terms of Use](#)

Finish Cancel

#### 4. After clicking “form”, you will be redirected to iSystems website, where you have to sign up as a developer

iSystems will then contact you to review the conditions and sign up electronically.

The screenshot shows the 'Sign up as a developer and offer your systems!' page on the TradingMotion website. The page includes a navigation menu with 'HOME', 'EXPLORE SYSTEMS', 'DEVELOPERS', 'BROKERS', and 'LEARN MORE'. The main content area is titled 'Sign up as a developer and offer your systems!' and contains the following text:

**Want to create automated trading systems?**

With us, your systems will gain enormous visibility among the customers of **available brokers** and you will receive the income from licence subscriptions sales. This way you delegate on a specialist the performance calculations, exposure of audited statistics, the promotion, and execution responsibilities of your systems.

**How to start?**

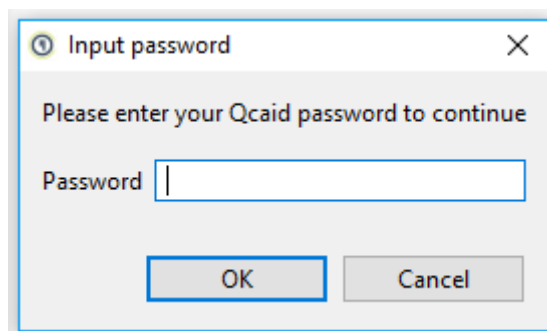

You can send us your **VisualChart**, **NinjaTrader** and **Tradestation** systems, or you can use our **TradingMotion SDK** development tool for free and specially designed for systems programming on .NET (C# or VisualBasic). **Download** our tool to learn more and start programming systems.

Once you have the systems in place, you will have access to the **Developer Portal**, where to check your stats and manage your licenses. Contact us for more information.

The form on the right side of the page includes the following fields:

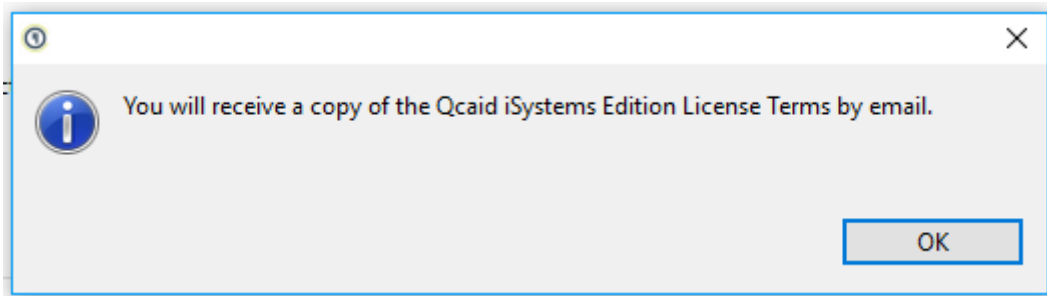

- Name:
- E-mail:
- Phone:
- Country:
- How did you hear about us?:
- Comments:
- I accept the data security and privacy policy
- 

#### 5. After clicking “Finish”, you will be asked to enter your Qcaid password to continue

The screenshot shows a dialog box titled 'Input password' with a close button (X) in the top right corner. The dialog contains the text 'Please enter your Qcaid password to continue' and a text input field labeled 'Password'. Below the input field are two buttons: 'OK' and 'Cancel'.

**6. You will then receive a confirmation message informing that you will receive the Qcaid iSystems Edition Licence Terms**

**7. A final message will show the identifier of your strategy**
